

AFTER CARE INSTRUCTIONS

Please follow these instructions for 10-14 days after the procedure to improve and prolong the results of your brows. If you don't follow these instructions, it can greatly affect your microblading results!

- Do not soak the treated area in the bath, pool or hot tub. For 30 days, refrain from swimming in saltwater or chlorinated pools, saunas, hot yoga, steam rooms or sun beds.
- No exercise for 14 days. After 14 days – when exercising, wear a sweatband to avoid sweat on brow area.
- Do not expose the treated area to direct sunlight. After healed (30 days), use a sunscreen to avoid fading from the sun.
- No makeup should be applied directly on the brows during the healing process.
- Do not touch, rub, pick or scratch your brows following treatment or during the healing process.
- You may find that your eyebrows will scab or become slightly dry following the treatment. If they itch, **DO NOT SCRATCH** them. You may tap them to alleviate the itch.
- If your eyebrows get wet during the healing process, pat them dry with a towel and **DO NOT RUB**.
- Avoid using daily skincare products directly on the eyebrows.
- If you are planning a chemical peel, or any other medical procedure, please inform the esthetician/ therapist of the procedure you have had. The procedure should only be done once the healing process is complete.
- If you are due to give blood after the procedure, please inform your nurse about the microblading treatment you have had as this might alter the results.

Call the salon if you have any questions or concerns at 910-333-0690

In the event of an emergency, please call 911 or go to your nearest emergency room.
